A Deep Mystery.

It is a mystery why women endure  
Backache, Headache, Nervousness,  
Sleeplessness, Melancholy, Painting  
and Dizzy Spells, when thousands have  
proved that Electric Bitters will quickly  
cure such troubles. "I suffered for  
years with kidney trouble," writes  
Mrs. Phoebe Cherley, of Peterson, Ia.,  
and a lame back pained me so I could  
not dress myself, but Electric Bitters  
wholly cured me, although I was  
33 years old, I now am able to do all my  
housework." It overcomes Constipa-  
tion, improves Appetite, gives perfect  
health. Only 50¢ at T. E. Paul's drug  
store.

WEDNESDAY, JAN. 23.

Death hovers over Queen Victoria, and by the time this paper reaches its readers, in all probability, the end will have come. Her son, the Prince of Wales, is prostrated and a gloom of sadness spreads over all England. A few days ago the Queen was stricken with paralysis and since that time life has been kept up by artificial means. The Prince of Wales is now insuscious.

Peace now reigns at Corbin. All the biggerters, now living who were in the late trouble are in jail.

In Illinois Senator Culton's opponents have withdrawn and the old man has a clear field for re-election to the United States Senate.

Judge Buckley, of the Louisville City Court, and Dick Knott, who publishes a paper called The Evening Post, had a little spat one day last week. Neither party was seriously hurt.

It is understood that the Republican steering committee has given Senator Hanna one week within which to pass the Ship subsidy bill. If not passed in that time it is to be permanently side-tracked.

James A. Mount, ex-Governor of Indiana, died very suddenly at Indianapolis one day last week. He had been out of office but a few hours when the summons came. His interment was at Crawfordsville.

Miss Alma Rockerfeller, daughter of John D. Rockerfeller, was married in New York last Thursday. Her husband is Mr. Parke Prentiss of Chicago. The bride was given fifty million by her father.

A big sensation was created at Bwing Green last week when it was announced that Luther R. Porter, until recently cashier of the Warren Deposit Bank, was short in his accounts between forty and fifty thousand dollars.

Quay and Clark, the two members who were expelled from the United States Senate, have been re-elected by the legislatures of their respective states. The Republican party gets rid of Quay the sun will cease to shine.

It seems that nothing will deter negroes from perpetrating outrages upon white women. Fred Alexander was burned at the stake at Leavenworth, Kansas, a few days ago, and in all probability some other negro will perpetrate a like crime and meet the same fate in less than two weeks.

But little is being done in Congress. Last week there was much rejoicing over Quay's return to the Senate. Powers were fully profuse on the Senator's desk when he was sworn in; some little talk about a bill to prevent hazing, and the usual amount of "chat" about the Army Reorganization bill.

### BIG STONE GAP, V.A.

Editor in C. respondent.

Doubtless many of the readers of the News would be pleased to hear from this section of the country—a section that in former days held out rare inducements to the many who desired wealth and the total elimination of poverty. This city, situated between the Cumberland Mountain and Wallen's Ridge; watered and drained by the rapid Powell's river and penetrated by two great systems of railroad, the L. & N., and the V. S. W., holds more of the cash and more of the fondness of hope of the many who were allured to it in the search of wealth, ten years ago, probably than any other spot between Middleboro and Liverpool, and, becoming acquainted with the facts and being a party thereto, as it were, I feel that the towering peaks of the Cumberland have lost a portion of their grandeur—the sparkling and pure water of the river has been tainted with disappointment and the many lots, once valuable, have been robbed of their worth—the last so true that for several years it has been a serious matter. Under the feeling produced by looking over the "hundie site," so speak, I do not feel inclined to write a long letter, but holding to the doctrine that once in grace always in grace and knowing that the great mineral wealth of this section can not be destroyed or removed without the expenditure of a vast amount of money, eliminates every doubt as to the future of this town. That there's a brighter day a coming for the industrial and commercial interests of this place can not be doubted, but just how soon this happy condition will materialize is the question that perplexes. In my judgment Big Stone Gap has passed over every wave of serious trouble that threatened to destroy her former prestige and boasted claims of being "the metropolis of the Mountains." I find a better feeling prevails here and every man is pushing his business and speaking a good word for the town. At present the large Iron furnace is running at full capacity; a large Tannery is in operation, the Woollen Mills will soon be humbling and within a short time one of the largest Extract plants in the United States will be in operation which will employ a good number of skilled laborers. Work has now begun on the new Graded school building which is to be built of brown stone and will cost \$17,500. Many neat mansions and cottages are being erected and not a vacant house can be found in the town. As to the advance in real estate it is not sufficient to cover the losses of the past, but a few cheap lots are changing hands—pointers to the great awakening that will come later on. The truth is that a large majority of the property owners here are holding to their property, and it is even so with the writer, but the truth is, no man bothers me for my \$36x132s and while the world buyers are not chasing the world buyers, if properly approached, the real estate holders are independent, knowing full well that, after awhile, there's a fortune in every lot. Morally this town outshines any other place in all this country. The spires of five edifices point heavenward and devout congregations belong to the different churches. In the near future the Christian denomination will erect a place of worship that will cost \$200,000. The town has been freed from saloons and peace and harmony prevails. The troubles of the past have been outlived in a majority of the cases, the present is good, the future bright and if real estate fails to climb the ladder of value it will be a sorry disappointment and I might say a loss of money. C. S. H.

McKenna to be Major in the army, giving him the heads of 118 lieutenants and captains; also of the removal of a son of ex-President Harrison, because his father had dared to raise his voice in opposition to the McKinley policy. Mr. Pettigrew said: "I make no charge against the Supreme Court, but I do say, that the appointment of the sons of two of the members of that court to important positions under the administration at this juncture of affairs in the Supreme Court is, to my knowledge, indecent."

Miss Bessie Blackwell, of Indianapolis got on the war-path last week. She was making preparations to marry Samuel Dawson and was one of the happiest girls in the city. Suddenly a messenger arrived and informed her that Dawson had just married her step-mother who was away from the house. Determined to be revenged she procured a revolver, went upon the streets, and meeting her former lover fired three shots at him without effect. The girl was arrested, but will not be prosecuted. Her step-mother is supremely happy.

Corbina, a little town on the Knoxville Branch of the Louisville & Nashville Railroad, was in a state of terror several days and nights of last week. Three persons were killed and a store-house wrecked by dynamite. The trouble was started by Rolla White shooting and mortally wounding James Showell. For hours terror reigned supreme, and so apprehensive were peaceful citizens that Gov. Beckham, by request of Circuit Judge Morrow, sent a company of State Militia to the scene to restore order.

No two young men in this country will take a gambler's chance more readily than Charley and Will Clark, millionaire sons of Senator Clark, of Montana. Both have an income of \$2,000 a day, and when the inclining seizes them they bet a month's income with little computation as the ordinary race goer risks \$10 and \$20.

### Almost Blind.

Mr. D. Kessing, Banook, Ky., says: My little four year old girl's eyes were so weak from birth that she could not stand any light at all. Was treated by several physicians without benefit. My neighbors persuaded me to buy Morley's Sarsaparilla and Iron from Mr. O. Doherty, Banook, Ky. His bones were only restored her health, made her stronger and healthier than she ever was in her life. Sold by agent in every town.

### Beat out of an Increase of His Pension.

A Mexican war veteran and prominent editor writes: "Seeing the advertisement of Chamberlain's Cole, Cholera and Diarrhoea Remedy, I am reminded that as a soldier in Mexico in '47 & '48, I contracted Mexican diarrhoea and this remedy has kept me from getting an increase in my pension for over every renewal a dose of it restores me." It is unequalled as a quick cure for diarrhoea and is pleasant to take.

For sale by Mr. Cravens.

### Beat out of an Increase of His Pension.

A Mexican war veteran and prominent editor writes: "Seeing the advertisement of Chamberlain's Cole, Cholera and Diarrhoea Remedy, I am reminded that as a soldier in Mexico in '47 & '48, I contracted Mexican diarrhoea and this remedy has kept me from getting an increase in my pension for over every renewal a dose of it restores me." It is unequalled as a quick cure for diarrhoea and is pleasant to take.

The nomination of the son of Justice Harlan, of the Supreme Court, to be Attorney General of Porto Rico has not been confirmed yet by the Senate. At a secret session made to get Senator Pettigrew to withdraw his objection to action, but he refused, declaring that he had no doubts of Young Mr. Harlan's personal fitness for the position and no personal objection to him; that his opposition was based on higher grounds—the unfitness of the nomination of a son of a justice of the Supreme Court at this time to such a position. Mr. Pettigrew then said a few words concerning the recent nomination of a son of Justice

McKenna to be Major in the army, giving him the heads of 118 lieutenants and captains; also of the removal of a son of ex-President Harrison, because his father had dared to raise his voice in opposition to the McKinley policy. Mr. Pettigrew said: "I make no charge against the Supreme Court, but I do say, that the appointment of the sons of two of the members of that court to important positions under the administration at this juncture of affairs in the Supreme Court is, to my knowledge, indecent."

A Prominent Chicago Woman Speaks.

Prof. Rosa Tyler, of Chicago, Vice-President Illinois Woman's Alliance, in speaking of Chamberlain's Cough Remedy, says: "I suffered with a severe cold this winter which threatened to run into pneumonia. I tried different remedies, but I seemed to grow worse and the medicine upset my stomach. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and it was pleasant to take and I recovered it at once. I am now entirely relieved, saved a doctor's bill, time and suffering, and I will never be without this splendid medicine again." For sale by Mr. Cravens.

### Almost Blind.

Mr. D. Kessing, Banook, Ky., says: My little four year old girl's eyes were so weak from birth that she could not stand any light at all. Was treated by several physicians without benefit. My neighbors persuaded me to buy Morley's Sarsaparilla and Iron from Mr. O. Doherty, Banook, Ky. His bones were only restored her health, made her stronger and healthier than she ever was in her life. Sold by agent in every town.

## GORED by a Cow

Last Saturday afternoon just before sunset, Mrs. T. K. Powell, who resides on Burkhill street, was dangerously ill. Her condition was most alarming. She had just returned from the country, accompanied by her husband, and was being tended to her residence with her husband was unhooking the horse. Just as she was going to get off, the horse bolted and knocked her down and gored her in the abdomen. She was picked up and carried to the house and Drs. Gray, Russell and Grissom summoned. At first it was thought that an entanglement with the horse had caused the condition proven to be that the horse had been beaten. The doctors took five stitches in closing up the wound and left the patient doing well. It is remarkable that the lady escaped with her life, as her husband is a very delinquent animal and could hardly be held responsible but little damage was done to her.

A very large crowd in town Monday. Business of all classes was good.

O. H. Portman is building an addition to his cottage.

Mr. Floyd Kidd is erecting a handsome residence in town.

Miss Lois Montgomery, of Stanford, is visiting her cousin, Miss Peat Montgomery.

Miss Julia Stagg, of the Hustonville College, spent Saturday and Sunday at home.

Josh Stone, who was by the bedside of his father during his illness, has returned to Washington.

Mrs. George E. Stone returned home last Saturday from Monticello where she had been visiting friends and relatives for the past three weeks.

Dr. C. L. Herren has sold his residence to T. J. Bell. The sum paid, I understand, was twelve hundred dollars, possession to be given at once. Dr. Herren will build here but is undecided as to the location.

Mrs. Patsy Marples has bought of H. W. Phillips the property now occupied by Attorney Tarter. Mr. Tarter, as he is seeking the nomination for County Attorney on the Republican ticket, will locate somewhere in town.

Capt. Lillard, of Boyle, Democratic candidate for the nomination for Senator of this district, was in town last week in the interest of his canvass. It is Casey's time to nominate, but as she has no aspirant for the offices, very little interest, so far, is being manifested in the fight.

We now have a new sheriff and also a new jailer. T. J. Bell has been appointed sheriff in the place of J. M. Brown, who from some cause declined to act longer. Mr. Bell resigned his office as jailer and J. M. Brown appointed in his place. The change seems to be satisfactorily with the people.

Dr. W. D. Stone, a well-known and highly respected citizen of this county, died at his late home, one mile south of this place, on the night of the 7th, of a complication of troubles, aged 71 years. The remains were taken to Hustonville and after a very impressive ceremony by Eld. J. Q. Montgomery, his body was consigned to its final resting place to await the call on judgment morn. He leaves to us the loss of a gentle, loving husband and kind and noble father, a wife and two sons, Josh and Will Stone. May the Almighty in His infinite goodness console the afflicted ones in their tribulations, and let them remember that as he was devoted to you in life so is he devoted to you in death. He was a devout Christian and high up in Masonry.

One day in the spring of 1884 Mrs. Frederick White, of Coventry, N. Y., asked her husband to bring her a sack of flour from a nearby store. He started to do so and that was the last she saw of him until one day last week when he walked into the house with a sack of flour on his shoulder, saying as he sat it down that had not forgotten the errand. He has been in the far West, has accumulated a good deal of money and will take Mrs. White to his western home.

The second step in the election of a President was taken Monday of last week when the electors of the various States, 447 in number, met at their several State capitals and voted as the voters directed November 6. The third and final step will be taken February 13, when Congress will declare with the usual formality that McKinley and Roosevelt are President and Vice-President elect. Two weeks later, March 4, comes the inauguration.

John Herrington, of Nicholas county, is 105 years and 8 months old. He is well preserved, and at the last November election walked two miles to his voting place. The County Court has just released him from the tax of poll tax on the ground that a man who has lived in three centuries should be exempt.

Representative C. K. Wheeler, of the First district, who is a candidate for the Democratic nomination for United States Senator, announces that he favors the primary election plan of making a nomination, and is willing to submit his claims to the Democratic voters of his State.

**The Great Gospel Revival.**

The Nineteenth Century has been justly characterized as the century of science, and an important body of men has resolved that the Twentieth shall be a century of religion faith beyond all parallel. It has been the custom, for many years, for all Christian denominations to devote the first week of every new year to special prayer; but this time it is expected that "the week of prayer" will be mainly a preparation for a long and vigorous Christian campaign.

"The Twentieth Century National Gospel Campaign Committee," with headquarters in New York, has been organized as branch of an inter-national association. A call has been issued to ministers and Christian leaders in the church to make the week of prayer the introduction to a Twentieth Century Gospel campaign that shall continue "till the coming of the Lord." A similar call has been sent out from London to the ministrants of Great Britain.

The address to Christians in this country has been signed by many prominent clergymen of New York, Brooklyn, Philadelphia and other Eastern cities. Assurance of hearty sympathy and cooperation have been received from virtually all of the great religious bodies of the United States. The campaign will be entirely novel, and strictly inter-denominational. The general or central committee, it is expected, will suggest the line of work to be followed, but each denomination will pursue its own methods, calling on the committee for whatever aid is required.

So far the movement has been quiet and almost secret. It was not until pledges of co-operation had been received from religious leaders, whose aid is deemed essential to success, that any public statement was made. So well advanced are the preliminaries, however, that the members of the international committee declare their belief that the movement will effect the Christianization of the world—Elizabethan News.

Rev. Peyton H. Boege, pastor of the Warren Memorial Presbyterian Church, Louisville, began a crusade on vices in that city in a sermon before the united congregations of the numerous churches. He read Judge Parker's recent instructions to the grand jury and asked who was to blame for the lawlessness, wickedness and vice going on in all parts of the city. The sermon caused quite a sensation, not only among church people, but among gamblers and salaried men.

Some days ago two men visited the home of Joe Godfrey, a well-to-do negro, who lives near Beaterville, representing that they wished to sell corn. Godfrey was absent, but his wife agreed to take the corn, and was led to divulge the fact that Godfrey had \$900 in the house. She charges that the men drew revolvers, and, seizing the box containing the money, repaired to a field, broke it open and rode off with the money. Jailer Hammond secured a description of the men and arrested them near the Estill line.

A new religious organization, national in scope, and composed of former officers of the Salvation Army, is contemplated in this country, to have headquarters in New York City. There are, it is said, 7,000 persons in this country who have left the Salvation Army and many of them desire to continue work along the line of the army. The name of the new organization is to be the Christian Comrades.

Burglars entered the post-office at Dixon, Tenn., the other night, blew the safe open and took therefrom a quantity of stamps of various denominations and a small amount of money. The safe was blown to atoms, proving the job to be that of professionals. There is no clue.

Any able-bodied young man who is ambitious to get killed or crippled would stand a better chance by training a first-class foot ball team than by training as a prize-fighter. Last year nine football players died from injuries received in the game, while statistics show that only 54 prize-fighters have died from the results of hurts received in the ring within the past 142 years.

**A Woman's Weariness.**

Woman's sensitiveness makes them subject to more intense weariness than men. The melancholy, depression and exhaustion they suffer is due to sluggish action of their organs, which loads the system with impurities, poisons the blood and shatters their nerves. Morley's Sarsaparilla and Iron will cleanse the system, revitalize the nerves and gives strength and energy. Sold by agent in every town.
